***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 16, the allowability in combination with the other claimed features is because nowhere in the prior art is there an integrated circuit having a semiconductor substrate supporting the first and second ultracapacitors which are commonly known as double layered capacitors. Regarding claim 18, the allowability in combination with the other claimed features is because nowhere in the prior art is there a second ultracapacitor connected in series to the first ultra capacitor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
